Attention: Commercial Waste Disposal Companies

Subject: Commercial Cash Permit

Attached is an application for allowing your company to dispose solid waste in Fairfax County using the Commercial Cash Permit. Obtaining an annual disposal permit is required by County Code and will also allow your company to use the Fairfax County Disposal Facilities at either I-66 Transfer Station or I-95 Landfill, the County's designated citizen's disposal facilities. **Please be advised that pursuant to the Code of the County of Fairfax, Chapter 109, any person engaged in the business or practice of collection of solid waste from residential, commercial, or industrial establishments must obtain an annual collection license which is different from this disposal permit.**

A commercial cash permit does not require the company to obtain a bond. You must completely fill out a commercial cash permit application and follow all facility regulations. In order to obtain your permit you may:

- Mail your completed application to:

Division of Solid Waste
Disposal and Resource Recovery
12000 Government Center Pkwy, Suite 448
Fairfax, VA 22035-0059

OR

- Bring the completed application to the I-66 Permit Office, 4618 West Ox Road, and you may receive your permit(s) at that time. Office hours are Monday through Friday, 8:00 a.m. - 3:30 p.m. Office closed during official County holidays.

OR

- Bring the completed application to the I-95 Landfill Administration Office, 9850 Furnace Road, Lorton, Virginia and receive your permit(s) at that time. Office hours are Monday through Friday, 8:00 a.m. - 3:30 p.m. Office closed during official County holidays.

Please make sure that an authorized agent of your company signs the application, and that you list only the vehicle(s) you have selected to receive a permit. Each vehicle will get a separate permit number for tare weight purposes.

Please be advised that this permit will expire on June 30, 2003, and must be renewed annually during the months of May and June in order to comply with applicable County Codes, and to continue to use the I-66 and I-95 Solid Waste Disposal Facilities.

A \$45.00 per ton charge is currently imposed for the disposal of solid waste at the I-66 Transfer Station, and the I-95 Landfill Facility, and this is the current charge applicable for municipal waste associated with the Commercial Cash Permit. The attached pricing sheet provides a list of material types for the period of July 1, 2002 through June 30, 2003. The Commercial Cash Permit also has a minimum charge of \$10 per visit for waste disposal.

When your company delivers waste to our disposal sites, your personnel will be required to separate materials into separate groups such as brush, metals, cardboard or other materials which require separation!

Disposal companies who DO NOT wish to participate in the Commercial Cash Permit program must apply for a Commercial Invoice Disposal Permit. Contract rates of \$39.95 per ton are available for Invoice Permits at the Transfer Station and Energy/Resource Recovery Facility when using the Commercial Invoice Permit; if your company is interested in the contract rate, contact this office for specific details. The Commercial Cash Permit does not include this rate reduction.

If your firm delivers tires to our facilities, a limit of 10 tires are allowed through the Commercial Cash Permit per visit. Your firm must obtain a Commercial Invoice Permit for loads of material containing more than 10 tires.

Tires which require removal from rims will be charged an additional fee of \$4.00 per rim.

The Commercial Cash Permit currently allows a company to pay with cash, a business or personal check. We are working to secure the use of credit cards, but currently that feature is not available. If a company submits a check that is returned for insufficient funds or for non payment, the company will immediately be withdrawn from the Commercial Cash Program and will be required to obtain a Commercial Invoice disposal permit before access to any Fairfax County disposal facility is granted.

The Commercial Cash Permit is a new program, developed to streamline the permitting process for the customers of the facility. Customers are not required to obtain a bond, since all applicable fees are paid at the time of disposal. However, Commercial Cash Permit customers will not receive a monthly statement.

If there are any questions regarding these procedures, please contact Ms. Dynita Glenn at our main office (703) 324-5230, or Mr. Duke Pavese at the I-66 Transfer Station (703) 631-0495.

Very truly yours,

DEPARTMENT OF PUBLIC WORKS
& ENVIRONMENTAL SERVICES

Jeffrey M. Smithberger, Deputy Director
Division of Solid Waste
Disposal and Resource Recovery

Attachment: As stated

APPLICATION FOR COMMERCIAL CASH PERMIT
Solid Waste Disposal
Fairfax County, Virginia
FISCAL YEAR 2003

The undersigned hereby makes application for a permit to dispose of solid waste at Fairfax County disposal sites. The solid waste must be generated by his own business, as specified in Chapter 109 (Solid Waste) of the Code of the County of Fairfax.

It is agreed that the disposal of solid waste will be conducted in accordance with the rules and regulations of Fairfax County disposal sites and as set forth in the Code of the County of Fairfax. It is agreed that the undersigned will pay all disposal charges accrued through use of the Fairfax County disposal sites. In the event of scale breakdown utilization of estimated gross weights will be instituted. Applicant understands and agrees that County employees are not permitted to hook up vehicles for towing and that the County of Fairfax assumes no liability for towing.

APPLICANT UNDERSTANDS AND AGREES THAT ALL INFECTIOUS, EXPLOSIVE, POISONOUS, CAUSTIC, TOXIC, CHEMICAL AND HAZARDOUS WASTE ARE PROHIBITED FROM THE I-66 TRANSFER STATION, I-95 SANITARY LANDFILL AND I-95 ENERGY/RESOURCE RECOVERY FACILITY, WHICH INCLUDES ALL CITIZEN'S DISPOSAL FACILITIES.

Applicant's Signature shall affirm his/her understanding of these requirements, and is an authorized representative of the business:
